and we will contact you promptly to discuss price options.

Companies of the Week

Büll s.r.l.

Büll has become a **leader in the design, development, production, erection and support of handling systems** for customers in the handling market having

complex and, frequently, specialized mission critical requirements and exacting quality standards.

DataScan Systems Ltd.

DataScan Systems Ltd was established in March 1997 with a **focus on developing solutions utilising Auto ID technology**. As a result of our success, DataScan is

currently the only authorised EMS distributor in the UK, and has also been awarded the coveted Quality Partner (QP) and Authorised Repair Centre (ARC) status by Datalogic.

Effe 3 Ti s.r.l.

We specialise in the design, production and sale of reliable, efficient and cost-effective **pallet wrapping machines, pallet hood shrinking machines, semi-**

automatic and automatic strapping machines.

New Products and Special Offers

Retail Mezzanine Floors

With many stores moving out of town into larger more industrial type buildings the need for retail mezzanines is ever increasing. As they potentially double valuable sales space they can be an extremely useful asset to any retail environment. **As all mezzanines are bespoke fabrications Warehouse Systems can incorporate slick design ideas, for instance feature staircases and decorative balustrade.**

Intelligent Trading

Objective: Intelligent Trading provides real time business process control to improve the reliability of information and improve decision making through exception management.

Benefits: **Eliminates "noise" within the supply network - it's only the 1% of things that go wrong that matter.** More effective management of the extended enterprise. Increased visibility of actions taken to resolve issues...
